Native Mountain Wildings for Autumn Planting

Autumn is the logical time to move many of the native plants. In fact, all the natives in this list can be moved with entire safety in autumn, and when spring days come they will be ready to start off quickly.

The varieties here noted are but a small portion of those growing in my nursery. They have been thus selected because I believe they will give the utmost satisfaction to my customers and friends. Particularly do I invite your attention to the Cypripediums, the Lilies, and the Trilliums, which are superb for naturalizing.

Some rare things are noted in the perennial list, too. I like the Cimicifugas, the Closed Gentian, the Lobelia, and the Violas. It would be impossible to select the *best plants* in the list, for all have a place in the garden, and when in a proper setting have a distinct value.

Prices in this list cancel all previous quotations. All prices net, f. o. b. Ashford, customer to pay express or freight charges

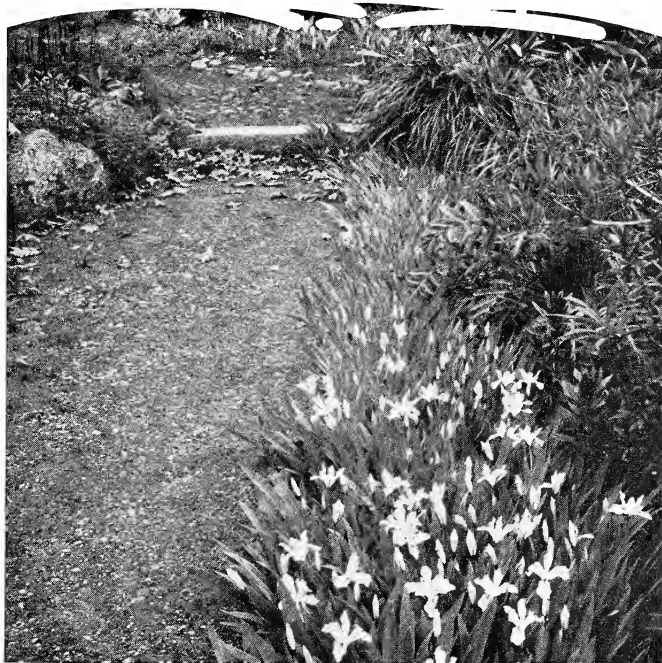

Hardy Vines, Climbers, and Creepers

AMPELOPSIS quinquefolia. Virginia Creeper. High-climbing vine, clinging to walls and trees, with beautifully colored foliage in autumn.	10	100	1,000

trivialis . Southern Dewberry. Showy flowers and fruit. Splendid ground-cover. 2 to 3 feet. Strong plants.....	1 25	10 00	85 00
SEDUM telephoides . Wild Liveforever. Fleshy leaves and flowers. Suitable for rockery and other dry situations. Strong plants.....	2 50	23 50	
ternatum . Mountain Stonecrop. Handsome creeping ground-cover with white flowers in early spring. Widely distributed. Strong established plants.....	1 65	13 50	112 50
SHORTIA galacifolia . Oconee-bells. Beautiful shade-loving evergreen ground-cover. Flowers nodding, pink and white, in very early spring. Strong established clumpy plants.....	2 50	23 50	200 00

Hardy Native Ferns

For shady locations, no class of plants can equal the Ferns. They are easily grown in ordinary soils and will often thrive where it is impossible to make flowering plants succeed. We handle large quantities of Ferns annually and recommend the following:

ADIANTUM pedatum . American Maidenhair Fern. Deciduous. One of the most distinct and beautiful. Strong established plants.....	10	100	1,000
ATHYRIUM thelypteroides . Silvery Spleenwort. Strong plants.....	\$1 00	\$7 50	\$60 00
filixfemina . Lady Fern. Large deciduous Fern. Exceedingly showy. Extra-strong plants.....	2 65	23 50	
BOTRYCHIUM virginianum . Rattlesnake Fern. Deciduous. Triangular fronds, deeply cut. Showy. Strong plants..	1 50	13 50	120 00
DICKSONIA punctilobula . Hay-scented Fern. A very handsome, vigorous-growing deciduous species. Recommended for shade or open situations. Widely distributed. Extra-strong clumpy plants.....	1 25	9 00	65 00
DRYOPTERIS Goldiana . Goldie Fern. Strong plants.....	3 00	22 50	
hexagonoptera . Winged Woodfern. Deciduous. Broad, triangular fronds. Strong plants.....	1 35	10 50	100 00
marginalis . Leather Woodfern. Robust, evergreen, showy species. Extra-strong stocky plants.....	1 35	10 00	85 00
spinulosa . Toothed Woodfern. Evergreen. Strong established plants.....	1 35	9 00	85 00
ONOCLEA sensibilis . Sensitive Fern. Deciduous. Suitable for dry or moist locations. Strong established plants.....	1 35	10 50	100 00
OSMUNDA cinnamomea . Cinnamon Fern. A stately, very large deciduous grower. XX strong stocky plants.....	1 35	11 00	100 00
Claytoniana . Interrupted Fern. Deciduous. Very bold, attractive species. XX strong stocky plants.....	1 35	12 00	110 00
regalis . Royal Fern. Large, deciduous Fern, bearing attractive foliage. Strong stocky plants.....	1 35	12 50	110 00

NOTE: 5 at 10 rate, 25 at 100 rate, 250 at 1,000 rate
